

## Key Chains

### Product Description

#### Die Struck Key Rings

A variety of stock shapes are available, including ovals, rectangles, circles, and squares. Custom shapes are available at an additional charge. Key tags available in Brass, Copper and Nickel Silver. Two-sided die struck key tags require two tooling charges, even if copy identical.

#### Cloisonné Key Rings

The ideal way to reproduce your logo attractively and economically. The design is sharply stamped into jewelers metal then filled with vitreous enamel. The piece is then kiln fired to fuse the color directly to the metal. After final polishing and plating, the colors are vivid and stone hard. Most of the process is hand done to assure fine detail and the highest quality possible, from the initial die to the final polishing.

- \* Production Time: Generally 4 to 6 weeks
- \* Plated Finishes: Gold - Silver - Black
- \* Setup: One Time Die Charge
- \* Packaging: Individually Poly Bagged in Bulk

#### Cloisonné Leather Key Fobs

The ideal way to reproduce your logo attractively and economically. The design is sharply stamped into jewelers metal then filled with vitreous enamel. The piece is then kiln fired to fuse the color directly to the metal. After final polishing and plating, the colors are vivid and stone hard. Most of the process is hand done to assure fine detail and the highest quality possible, from the initial die to the final polishing. Logo comes attached to custom shaped leather Fob.

- \* Production Time: Generally 4 to 6 weeks
  - \* Leather Colors: Black - Tan - Brown
-

### 2-D Color PVC Key Rings

Want something new and special? Consider 2 & 3 Dimensional PVC products for your next promotion. Eye-catching & colorful, their distinctive texture and durability are certain to catch your customer's attention.

Because of its unique molded process, 2-D/3-D PVC can give a maximum of 3 different levels, raised or recessed. By using these different levels, 2-D/3-D PVC will provide a multi-dimensional look for your logo or artwork. Normal thickness is approximately 4mm.

Price includes up to 6 PMS colors, single jump ring with split key ring.

- \* Production Time: Generally 4 to 6 weeks
- \* Back Stamp: Is Available
- \* Setup: One Time Mold Charge
- \* Packaging: Each Key Ring is Poly Bagged in Bulk

### Vinyl Imprinted Key Rings

ARTWORK - Price includes one color one side imprinted. Backside available at second side imprint charge.

RING - All fobs come standard with a 1 1/4" heavy duty ring attached.

CLIP - All fobs come with a super strong polypropylene clip to join fob to ring.
